THE UNIVERSITY OF ALBERTA STAFF BULLETIN EDMONTON, ALBERTA TG6 2E1 MAY 18, 1972

## DEPARTMENT OF SURGERY MARKS FIFTIETH YEAR

In 1922, the University's Department of Surgery was established with the appointment of F. H. MEWBURN as the first Professor and Chairman of the Department.

This year, to mark the fiftieth anniversary, members of the department have organized a three-day conference featuring lectures by seven world-renowned surgeons and seminars by staff members in the various divisions of the department. The conference opened today at 9 a.m. and will continue until late Saturday afternoon.

According to R. A. MAC BETH, Professor of Surgery and Chairman of the department, "The program is aimed at people who did their post-graduate training here and had a very intimate relationship with the University. Most of the guests will be those doctors who did their residence training here after the war. Invitations also have been extended to all surgical specialists in the four Western provinces.

"The highlight of the program will be the seven guest lecturers. We have a very good representation of the outstanding people in all surgical specialties from around the English-speaking world. The remainder of the surgical program, put on by members of our own staff, will be designed to answer the question, 'What has gone on in The University of Alberta Department of Surgery since you took your training here?'"

Guest lecturers at the conference will be: DONALD SHUMRICK, Professor and Chairman of the Department of Otorhinolaryngology at the University of Cincinnati and President of the Society of University Otorhinolaryngologists; J. WILLIAM LITTLER, Head of the Division of Hand Surgery and Plastic and Reconstruction Surgery, Roosevelt Hospital, New York and Associate Professor of Surgery at Columbia University; IAIN GILLESPIE, Professor and Chairman of the Department of Surgery at the University of Manchester, England; C. WALTON LILLEHEI, the Lewis Atterbury Stimson Professor of Surgery at the New York Hospital Cornell Medical Centre; ROBERT B. SALTER, Chief of Surgery at the Toronto Children's Hospital and Vice-President of the Royal College of Physicians and Surgeons of Canada; VALENTINE LOGUE, Professor of Neurosurgery at the Institute of Neurology, University of London; and KENNETH J. MAC KINNON, Professor of Urology

at McGill University, Director of the Department of Urology at the Royal Victoria Hospital in Montreal, and President of the Canadian Urological Association.

Dr. MacBeth will also present a group lecture, on the "History of the Department of Surgery, The University of Alberta," at the Friday session between 10 a.m. and 11 a.m.

## BOARD OF GOVERNORS

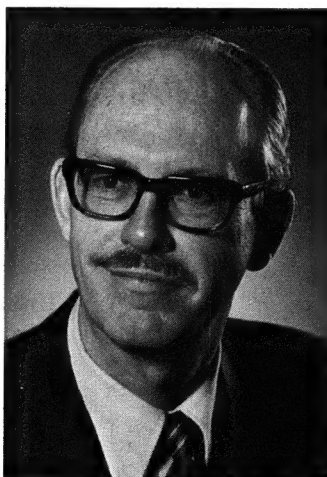

By FOLIO Staff

The University Board of Governors and its Executive Committee met Friday, May 5, 1972.

### VICE-PRESIDENT (FINANCE AND ADMINISTRATION) APPOINTED

LORNE C. LEITCH, Associate Vice-President (Finance and Administration) since 1969, has been named to succeed D. GORDON TYNDALL, who is resigning as Vice-President (Finance and Administration). Dr. Tyndall will remain on staff, serving half-time as the University's Investments Officer and half-time as Professor of Finance in the Faculty of Business Administration and Commerce. The appointments become effective July 1, 1972.

Professor Leitch came to the University in 1961 as Associate Professor of Finance. He had received his Bachelor of Laws degree (honors) from the University of Manitoba Law School in 1949 and his Master of Business Administration in Finance from the University of Chicago School of Business in 1951. In 1952 he was called to the Manitoba Bar, and

he later worked for the Great West Life Assurance Company.

Three years after his arrival at The University of Alberta, Professor Leitch was named Acting Chairman of the Division of Business Operations. He also became a member of the Executive Committee of the Faculty of Business Administration and Commerce. In 1968 he was made a full professor and, later that year, Acting Dean of the faculty.

The Board does not expect to name a new Associate Vice-President at this time.

### NEW ATHLETICS DIVISION

Board members approved a proposal to establish a Division of Intra-mural and Inter-collegiate Athletics within the Faculty of Physical Education.

The new division, which will not result in any increased costs, will allow for internal adjustments in the faculty to provide a more efficient program in athletics, recreation, and professional causes.

### LAW QUOTA

Approval was given to the Faculty of Law's request for a quota on the number of students admitted to the first-year program. The proposal was approved by General Faculties Council at the April 24 meeting (see FOLIO, May 4, 1972).

### MICHENER PARK

Rental rates at the University's married students' quarters will increase by \$6 per month, effective September 1, 1972. Present rates range from \$131 to \$133 per month.

The increase is expected to put the operation of the Michener Park residences on a break-even basis by the 1973-74 academic year, provided there are no substantial increases in operating costs.

The Board Building Committee has awarded contracts for additional development of Michener Park. Joslyn and Olsen Contractors Ltd. of Edmonton will construct 88 low rise units, to be completed this fall, at a cost of \$1,021,858; a high rise tower containing 161 units, scheduled for completion in the fall of 1973, will be built by Fidelity Construction Ltd. of Edmonton. The high rise contract is for \$1,967,437.

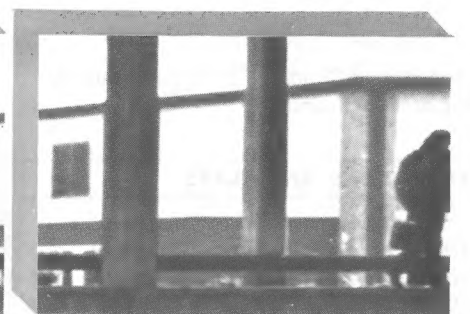

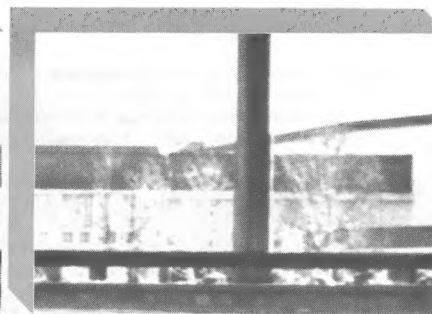

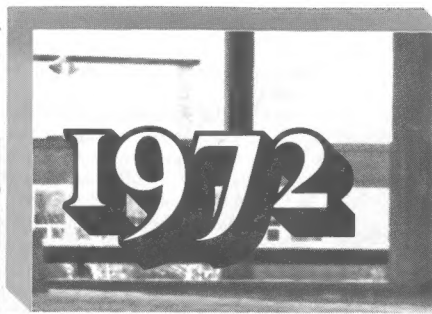

### CAPITAL BUDGET

The University's 1972-73 capital budget of \$22,829,000 was presented to the Board. More than half of the amount—\$11,981,000—will be used for Fine Arts, Arts II, Education II,

- Last day of lectures in third year of MD program.
- Sixty-fifth University year ends.

*A literal kind of roof-raising happened last week at the Structural Engineering Laboratory. Four cranes lifted the roof ten feet to accommodate a new closed loop stress testing machine. The machine, worth \$149,000, was purchased through an equipment grant from the National Research Council to J. G. MAC GREGOR, Professor of Civil Engineering.*

## VISITORS

ALBERT H. JACKMAN, on sabbatical leave from the Department of Geography, Western Michigan University, recently was a guest of the Boreal Institute for Northern Studies. While Dr. Jackman was on campus, arrangements were made by the Institute for him to visit faculty members in the Departments of Zoology, Botany, Geography, Civil Engineering, and Sociology.

## PEOPLE

■ The Nuffield Foundation has awarded a fellowship to J. P. DAS, Director of the Centre for the Study of Mental Retardation and Professor in Educational Psychology, to enable him to do research and observation pertaining to retardation this summer. Dr. Das will do most of his work at the Institute of Psychiatry, University of London.

■ PATRICIA FLOOD, who graduated from the Department of Drama with a BFA degree in Theatrical Design one year ago, has been awarded a Bush Fellowship to the University of Minnesota.

■ E. D. BLODGETT, Associate Professor and Acting Chairman of the Department of Comparative Literature, lectured at the University of Toronto on the Comparative Study of Classical and Medieval Literature. He also conducted a seminar on Comparative Literature in Canada.

Chemistry II, Rutherford Library II, and Engineering II, all of which are under construction at this time. An additional \$3 million will be used to complete the Basic Medical Sciences building.

Furnishings and equipment have been allocated \$4,332,000, and \$1,200,000 will be used for alterations and renovations. The balance will be used for such things as off-campus facilities, utilities, site planning and development, and special projects.

### APPOINTMENTS

J. PETER MEEKISON, Associate Dean of the Faculty of Graduate Studies and Research, has been named Chairman of the Department of Political Science.

The appointment becomes effective July 1, 1972. In succeeding GRANT R. DAVY, Dr. Meekison will vacate his position as Associate Dean.

Prior to joining the staff here in 1967, Dr. Meekison attended the University of British Columbia where he obtained a Bachelor of Applied Science degree in Mechanical Engi-

neering and a Bachelor of Arts degree in Political Science. He received his Master of Arts degree from the University of Western Ontario and his PhD from Duke University in Durham, North Carolina.

He was appointed Associate Professor of Political Science after two years here and, the same year, became Associate Chairman of the department. He was named Acting Chairman in 1970 and accepted his present position in 1971.

During his academic career, Dr. Meekison was awarded several scholarships and fellowships, including a Commonwealth Studies Centre Fellowship and a University of Western Ontario Fellowship. He also was editor of the book, *Canadian Federalism: Myth or Reality*.

Dr. Meekison

ROBERT G. GLASSFORD, Associate Professor, will become Chairman of the Department of Physical Education on July 1 of this year. He succeeds MAX HOWELL, who left the University last December to accept a position at San Diego State University, California. Dr. Glassford has been Acting Chairman since that time.

He received his Bachelor of Physical Education degree from the University of British Columbia in 1959, and his teaching certificate the following year. He attended The University of Alberta, where he obtained his Master of Arts degree, and was appointed Assistant Professor of Physical Education here in 1965. Dr. Glassford then went to the University of Illinois, where he received his PhD in 1970 before returning to Alberta as an Associate Professor.

## NOTICES

### METEOROLOGY OF THE NORTH

The Canadian Meteorological Society will be holding its Sixth Annual Congress at The University of Alberta from May 31 to June 2. Its title is "Meteorology of the North" and all sessions will be held in the Henry Marshall Tory Building.

The invited speakers are W. N. FULLER of The University of Alberta; The Honourable Dr. J. W. GRANT MAC EWAN, Lieutenant-Governor of Alberta; and W. HISCHFELD of McGill University.

Registration forms and information are available from the Local Arrangements Chairman, A. F. INGALL, 8004 144 Street, 488-6293, or from the Program Chairman, K. D. HAGE, Department of Geography, 432-4348.

#### MODERN DANCE CLASSES

The Department of Extension will again be offering classes in Modern Dance, beginning in the fall of 1972.

Admission into the advanced level classes will constitute membership of the Alberta Contemporary Dancers, a professional dance group that recently made its public debut in a series of performances at the Edmonton Art Gallery.

Auditions will be conducted on Sunday, May 14, at 2 p.m., 3 p.m., and 4 p.m. in Room 303, Corbett Hall, 82 Avenue and 112 Street. These will determine placement at advanced, intermediate, or beginning levels. Extensive training is not required for admission, and an appointment is not necessary.

#### CHILDREN'S SWIM TIMES

The Department of Physical Education has announced that swim times for children will be 7 to 8 p.m. Monday through Friday, and from 1 to 3 p.m. on Saturday.

On Wednesdays between 7 and 8 p.m. masks, snorkels, fins, and small inflatable equipment may be taken into the pool. During this time the diving boards will be closed. All equipment must be thoroughly showered before entering.

#### SUMMER SESSION PHYSICAL EDUCATION CLASSES FOR CHILDREN

Children between the ages of two and twelve years are required for physical education classes to be run in conjunction with teacher education courses offered at the University's Summer Session. Pre-school children are particularly required.

The children will be taught by University education students under the direct supervision of the instructors. They will be divided into small groups according to age and interests.

The classes start on July 10 and run daily at 10:30 a.m. to 11:30 a.m. until August 11.

For further information, call MARGARET ELLIS, Department of Educational Services, 432-3653.

#### COMPUTER AIDED PUBLISHING

On Thursday, May 25 at 4 p.m., a meeting will be held in Room 327 General Services Building to discuss the feasibility of an integrated computer aided publishing system for the University.

Those persons attending the meeting will have a chance to discuss the utilization of presently existing equipment and programs to edit and format text using a computer, and printing text using a paper tape directed photoserter.

#### NEW LIVE THEATRE FOR EDMONTON

The Alberta Barter Theatre will be producing four plays in the Torches Outdoor Theatre on the campus this summer.

Funded under the Opportunities for Youth

program, the Alberta Barter Theatre will produce *The Apple Tree*, a musical comedy; *The Happy Time*, a comedy about a French-Canadian family in the Ottawa of the 1920's; Joseph Jefferson's version of *Rip Van Winkle*; and Moliere's farce *The Doctor in Spite of Himself*. The Theatre will also produce a street show during Klondike Days.

The concept for the theatre originated with ten Drama students who were supported by the Department of Drama. Audience members may attend by simply making donations in cash or kind. Dates of performances will be announced in "This Week and Next."

#### PRICES OF ANIMAL LIFE ENCYCLOPEDIAS

The University Bookstore has received some enquiries for the animal life encyclopedias announced in FOLIO of May 11. Many enquirers have been surprised by the cost of the volumes. The price for a volume ordered prior to publication is approximately \$25.95. For those volumes purchased after publication the price per volume is \$29.95. Two volumes on mammals and two on birds have already been published. The other nine volumes in the series will appear between now and 1974.

The Bookstore will be pleased to accept further enquiries or orders.

#### CERAMIC WORKSHOP

BRYAN NEWMAN, a well-known British potter, will conduct a two-day ceramic workshop in Edmonton on May 24 and 25.

Sponsored by the Canadian Guild of Potters, the Edmonton Potters' Guild, and the Department of Extension, the workshop will be held in Room 218 Corbett Hall.

Mr. Newman was trained at the Camberwell School of Art, where he later taught. The majority of his work is tableware: coffee sets, soup bowls, and jugs, but he also works with creative clay sculpture, relying on three main techniques: slab-built forms, basked forms, and composite pots from thrown pieces. His work is included in collections in the museums of Bristol, Durham, Liverpool, and Belfast.

Registrations are requested by May 19. The fee is \$8. For further information call the Department of Extension, 439-2021, extension 34.

### THIS WEEK AND NEXT

Listings must reach the Editor by 9 a.m. the Friday prior to publication. Written notification is preferred. Compiled by NORMA GUTTERIDGE, 432-4991.
